work name : **my guardian angel**

This work is from the famous movie " Beauty and the Beast "

It explains that love comes in different forms and carries different degrees of commitment and loyalty towards the person we love, yet love is love in everyone's eyes. But the reality says that true love, which is unlike any other love in existence, is a love without conditions or expectations.

We all inherit something from the details of this life, there are those who inherit a great joy, a good life.

And there are those who inherit the pain, I inherited it and let it creep into my soul, my face and color turned pale, my hair turned white, and tears were abundant from the severity of the pain, this is what I inherited

work name : impasse

When you're deadlocked with doors of pain, you have two options: either you're dying in your place and your story ends, or you take another path, a path in which you become mature with each step, refusing to get involved in any temporary relationship, or cold friendship, petty argument, or attachment. with fake people. A path in which you will never accept anything but what you deserve.

Do not tell everyone your story. You will only end up feeling more rejected. People cannot give you what you long for in your heart. The more you expect from people's response to your experience of abandonment, the more you will feel exposed to ridicule.

work name : Invisible

Quote from the song (invisible , NF) I tried to embody all his mixed feelings from this part.

I feel invisible, I knew this wasn't easy
I'm standing right in front of you, but you don't
even see me

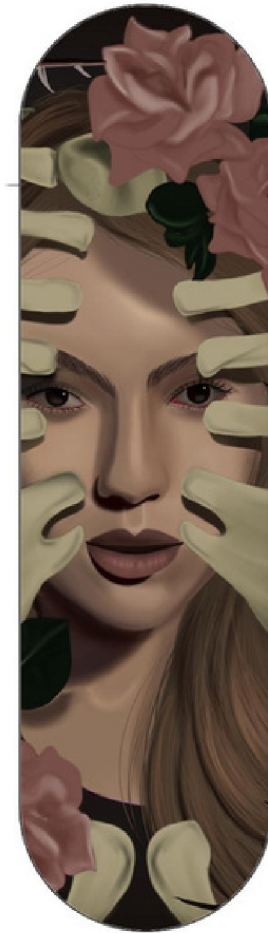

I pass you in the hallway, but you don't even
glance so

I just kinda walk by like I ain't never passed you
I do my best to pretend that I don't notice you
'Cause you don't ever notice me, so what am I
supposed to do?

What? I gotta yell it in order for you to see it?

A message I want to deliver to the world

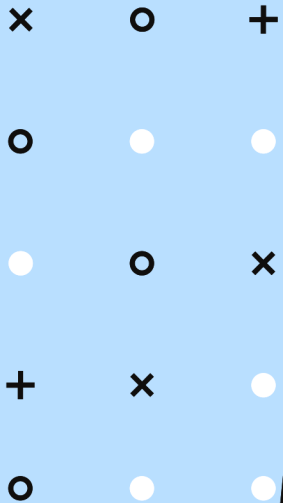

Always express your sadness and your madness.

If you're tears gonna fell, make sure you cry on your talent flowers, and express your feelings by your art. or u can just scream, just do not hold it inside you

Finally, I apologize for the negative feelings some of the works carry, and I also apologize for causing bewilderment. When you choose your favorite works, they will be sent to you separately and in their original quality.
